## TesiaBridge™

## Learn More

### What is TesiaBridge™?

TesiaBridge™ is a software tool that interfaces with nearly all Windows-based practice management systems allowing users to intuitively and easily exchange transactions with dental insurance payors at cost-effective rates.

Unlimited claim submission and attachments to all payors for only **\$29.95** /mo

For detailed information on TesiaBridge™, to inquire about free submission to select payors or to start submitting claims today, call Robert Porterfield at (800) 724-7240 ext 4703.

TesiaBridge™ is an enhanced electronic insurance management system that interfaces with your existing Practice Management software tools.

TesiaBridge™ not only provides a reliable method of submitting your dental claims to insurance companies, it improves claims processing, claims management, and eligibility verification, allowing your office to focus on what really matters – patient care.

### Why switch to TesiaBridge™?

- Convenient access to all insurance payors through one vendor
- Real-Time claims submission, eligibility, benefits and claims status
- Unlimited claim submission and attachments to all payors
- Claims printed and mailed to non-electronic payors at no additional charge
- Advanced claim tracking from submission to reimbursement
- Unlimited access to prompt and professional technical and claims support staff
- Elimination of dual entry allowing your office to submit claims more efficiently
- Convenient set up of software with no changes to your current practice software
- No setup fees, maintenance costs, or term commitments (month-to-month service)
- HIPAA compliant
